

**REQUEST FOR EXEMPTION
FROM ON-CAMPUS RESIDENCY REQUIREMENT
2024-2025 ACADEMIC YEAR**

POLICY & RATIONALE

Many years of experience and research have proven that living on-campus greatly enhances the college experience. Students who live on campus have higher grade point averages, graduate sooner, and persist to graduation at rates significantly higher than those who live off campus. Easy access to classes, the library, tutoring, recreation, and other services all contribute positively to the college experience. The opportunity to live and interact with other students who come from many diverse backgrounds also enriches the college experience. For these and many other reasons, Montana State University-Northern is proud to offer our students on-campus living options and, indeed, require first-year students to live on campus. **Specifically, students who have attempted fewer than 30 total semester credit hours are required to live in University-owned residence hall housing.**

Students who meet the criterion listed below may be granted exemption from the University's on-campus residency requirement. If you meet one of these criteria and would like to apply for exemption, please complete and submit this form to the Assistant Dean of Students & Director of Residential Education. **Your request can be submitted in person at the Student Union Building Information Desk, by email to reslife@msun.edu, or by mail to Residence Life, MSU-Northern, PO Box 7751, Havre, MT 59501.**
