ASN End of Program Student Learning Outcomes

QSEN Competency	ASN Program SLO At the end of the ASN Program, the nursing graduate will:
Patient-Centered Care	Provide coordinated patient-centered care which respects patient values, preferences and needs.
Teamwork & Collaboration	Collaborate with patients and interprofessional teams, to foster mutual respect, open communication, and shared decision-making.
Evidence-Based Practice	Analyze evidence-based practices for delivery of optimal health care across the lifespan.
Quality Improvement	Explain the use of patient and health care data to monitor care outcomes for quality improvement.
Safety	Provide safe patient care across the lifespan in all practice settings.
Informatics	Use technology to communicate, inform, and support decision-making while providing patient-centered care across the lifespan.
