Student Support Services is a Northern Program dedicated to being as helpful as possible to our students. That means we are here for you! We house peer tutoring which is available to all students. The purpose of the SSS Program at MSUN is to increase SSS participants' retention, good academic standing, and graduation rates. Major components of the SSS program at MSUN include Academic Advising and Assistance in Course Selection, Early Interventions, Academic Tutoring, Academic Study Skills, Access to Technology and Textbooks, Career Development and Exploration, Financial Aid and Literacy Counseling, Securing Housing, Leadership Development and Engagement, and Grant Aid Awards. Grant aid is possible by being part of our program, utilizing services, and completing an application which will open in October.

Most students qualify, and it only takes one short application to enroll for your entire time at Northern. You may qualify if you're a first-generation college student, have a documented disability, or meet federal low-income guidelines. Come meet our team and learn more!
