Graphic Design Program Revisions

January 27, 2013

1. Remove and discontinue ART 151, 2-Dimensional Design II.

This would be replaced by requiring an additional Art History (ARTH) course. Currently only one is required.

* I am currently proposing acceptance of the 3 new art history classes I have already developed.

2. Remove LIT 110 and LIT 230 as program requirements.

This would be replaced by adding CIS 112, Web Site Development.

* These are holdovers from the old Humanities and Social Sciences "Departmental Core," circa 1994-96. They are Cat. VI Gen. Ed. requirements and Graphic Design students will have fulfilled all Cat. VI requirements as a part of their degree completion.

3. Remove HSTR 102 and SOSC 201 as specific requirements in the Graphic Design program.

* These, again, are holdovers from the old H & S Departmental core. They are Cat. IV requirements and Graphic Design students should be allowed to take any course in Cat. IV to fulfill that gen. ed. requirement... Economics, History, Psych., etc.

4. The total core program required credits would increase from 46 to 49.

RE: Proposal #15-1 - General Education Committee Disapproval

Joel,

The general education committee disapproved your proposal below. Here is their explanation for doing so.

#15-1

Was disapproved because the courses suggested to replace/ or added to the major have not been approved by the university nor have they been evaluated for the General Education content but were included in the proposed revision to Graphic Design anyway. The courses should be approved first, then judged for their general education content before the proposal was submitted.

Please feel free to contact me if you have questions.

Lorren Schlotfeldt

if there is an issue, please let me know. Thanks,
