WANT TO GRADUATE ON TIME? SAVE MONEY? GET BETTER GRADE?

6

You're going to need 6. That's the number of credits you need to take each semester to graduate on time. Sure, you can take less and still receive some scholarships and funding. But unless you take 6 credits a semester (or 12 a year), you're looking at an extra year or more in order to graduate. Know the courses you need to graduate, and meet with your advisor to map out a plan to earn your degree on time.
